

What People Are Saying About Quantum Jumping

"I Have Met Several of My Twin Selves"

"Hi Burt, I just wanted to let you know how much I've enjoyed the Quantum Jumping course. I have met several of my twin selves and have received from them what I have asked for in very unique ways. One in particular time I was purchasing a home and wanted to insure the close of the sale. I went into a Quantum Jumping meditation and met the Alicia that already lived in that home. She was in the kitchen cooking, (I love to cook) and she took off her apron and gave it to me. She then said "here it's yours now, you will be the one cooking in this kitchen" I then took the apron put it on and she turned around and walked away. Thank you for opening up this concept to me and making it available."

"I Am Glowing, I Feel Empowered"

"I just received the Quantum Jumping program and did the first exercise... it BLEW ME AWAY! Not only did it cut right to the heart of the matter but I received the vibrations of my Doppelganger directly. So while I can't really communicate with words what I experienced, I am glowing, I feel empowered. I'm just writing to say 'thank you, thank you, thank you!' I am so excited to discover more from this amazing technique."

~ Angela Chippendale

"I Was Thrilled With The Ability To Cross All of The Universes and Begin to Utilize Those Skills"

"Dear Burt, I originally purchased the program to help me break through things in my life that I wanted to change, remove or re-evaluate. Also to create direction for my life that would allow me to live my life on my terms, instead of being in fear of what was happening "out there" like the economy or healthcare crisis. I have been exposed to and used various techniques for many years.

I just lacked or didn't understand how to pull all these pieces of information together into a cohesive program. At first, I looked at the program as a delightful meditation, but soon found that the application was far more inclusive than I realized. I have been able to apply the program to many facets of my life. Including manifesting a new career, financial clarity, a whole new community of like minded people that I really enjoy their company. And the portion I really was thrilled with the ability to cross all of the universes and begin to utilize those skills and information I only intuited were available to me. I have wholeheartedly recommended the program to a number of my friends and contacts. The people that I have shown this program to have had extraordinary results and have been just as delighted. Thank you for sharing this fabulous program. And having the forethought to save it for the time it was intended. I love the program!"

"Quantum Jumping Has Been A Real Blast For Me To Further My Own Results"

"I have personally had, by another "title," my own form of Quantum Jumping in my life but my partner had never been able to hear my explanations or progress in his own life. He took a real liking to Burt's soft and gentle approaches and the impact that the Quantum Jumping program is having on him is fun to watch. I suppose it is what I get for being less disciplined than Burt has been in his life. Quantum Jumping has been a real blast for me to further my own results too. Thanks Burt for your gentle and easy-to-follow videos and audio. I definitely would recommend the product to anyone. Why? Because the ideas, when followed, DO WORK!"

~ **Carol Harse from New Port Richey, Florida**

"I Was Able To Make A Great Turn In My Life As Well As My Mind"

"Burt, this program is amazing. It is doing more than what you are explaining. Just listening the introduction I was able to make a great turn on my life as well as my mind. I've being so flexible and precise in almost everything do. Thanks guy! It's easy to understand and even to practice... Thanks Again."

~ **Prince, M.J**

"I So Look Forward To "Meeting" My Doppelganger Again And Again...and Again"

"My primary goal for using Quantum Jumping was to meld my energy with an alternative "self," and to increase my vibration. I have participated in only two of the meditations and the changes in me have been far more than subtle! Please do not misunderstand, I have been "working" on myself for two decades, with thousands of hours of reading, CD's and DVD's and then combined many energy sessions, various

meditations, regression therapy and cranial sacral work. Whew! All of those tools were helpful and led me to here. Then this wonderful gentleman appeared out of no where! As they say "and the teacher will appear." After my first of Burt Goldman's meditations, I felt that all was well....actually more like super well! After the second, my attitude was more of a knowing... knowing what my true potential is. I so look forward to "meeting" my Doppelganger again and again...and again. Thank you Mr. Goldman! I would most definitely recommend Quantum Jumping to my friends...and have. Fits me perfectly!"

"The Quantum Jumping Program Has Been The Best Investment I Have Made In The Last 40 Odd Years of Searching"

"I found the Quantum Jumping Program to be absolutely fantastic. Firstly, I worked through the program then worked out what I wanted to do. I have a list of those things that I wish to accomplish but had no real idea where to start. Well, the door opened literally. I have always wanted to write so I quantum jumped into a parallel world and caught up with my Doppelganger who happens to be a world wide published author and has written many many books. We talked about how to start to write, choosing subjects etc. right up to finding a publisher. It was a truly awesome experience as my Doppelganger's home is the exact copy of the one my partner and I would like to live in. I have also made arrangements to revisit whenever I want to. My second experience concerned public speaking. I can do it but not with a lot of finesse. I jumped through the doorway and found my Doppelganger who is a world recognized public speaker. I learned that much from him that I now know that should I be called on or asked to speak I can do so with all the flair and skill that I learned by my Quantum Jump. Incidentally, as I cross off items from the top of my list of TO DO's I'm adding more to the bottom. The Quantum Jumping Program has been the best investment I have made in the last 40 odd years of searching. Many thanks."

"My Life Has Become More Focused"

"My goal was to reach a new level of awareness and to improve my meditative techniques and hone those skills. My life has become more focused and my mood more accepting of others and their personal issues. It is time for me to revisit the course and refresh myself on the knowledge presented there. I use the Bagha to center myself when I am stressed and to focus on the more pleasant things in life, and yes, I do use it to find good parking spaces and it has not failed me, yet. I repeat often "every day in every way I am getting better and better" and I am. I also repeat "this is all I have to do to make my dreams come true" and it is. The power of the mind to attract what we want and need is amazing. By using the techniques Burt has offered in Quantum Jumping I have been able to move forward, with a positive motion, in my life. Some might say that these are subtle changes but indeed they are very powerful. Attitude is everything and these techniques have improved my attitude in every way. I would recommend Quantum Jumping to anyone who truly wants to change or tweak their viewpoint on life and for those who are passionate about achieving a certain goal for themselves I love all of Burt's teachings. I often just pick any meditation to unwind and each offers me a fresh outlook on that part of my life."

"Then I Thought To Myself...This Technique Really Works!"

"Dear Burt, my name is Vincent McNicoll, I am a musician. Here's my story - I did a Quantum Jump and saw myself outside in a backyard with a big pool and the sun shining so bright. My girlfriend was there and she was swimming. So I went to my Doppelganger and said "hi." He greeted me back and then he said "I want to see you smile!" It felt really good. I came back to the hallway and opened my eyes. The same

day I wrote and composed music to the song called "I want to see you smile." Later that week, I did it again. I jumped through the door and went to the same scene. But this time, more details. I could see the mountain behind the house. I turned around and saw the house itself. A big white multi-level California style house. A beautiful sight! So I asked my Doppelganger to take me inside for a visit. He took me in and took me downstairs. There was a big room with a wall full of golden records and other prizes hung on it. WOW! I could even read the titles of the songs on the golden records. One said, "Just Fun." I came back to the hallway and opened my eyes. The same day I wrote and composed music to the song called "Just Fun!" Then I thought to myself, this technique really works!" I did it again! This time my Doppelganger sat on a stool in front of the wall and sang to me! I could see the fingers move on the guitar doing something unusual. So I asked if I could hear the recorded version of the song. He took me to the recording studio in the next room and made me listen to it. Then I came back to this dimension and recorded the song. It's called "Do You." Now these 3 are the best songs I've written so far in this life and I've been writing songs for 20 years. Plus it's so different from what I usually write! Quantum Jumping really works. So next I asked my Doppelganger what to do with these songs. Where do I send them? To who? You know what he said? "Live your dream." He wrote on a piece of paper "Virgin Tokyo" with the big V of Virgin records (continued).

QUANTUM JUMPING

THE INTER-DIMENSIONAL QUEST FOR A BETTER YOU

Now that's more than insight. That is clear information right there!
How do I make contact with Virgin Tokyo? I'm still figuring out that part!
Thank you so much for putting this course together!

P.S. The course will most definitely help anybody. Quantum Jumping is great."

"Everyone Can Get So Much More of The Quality of Life They Seek By Doing These Techniques"

"I wanted to improve my skills in the psychic realm. I always look out for new ways to learn and grow. The idea of seeking inspiration and guidance in other realities has been one of my favorites for life. Doing Burt's version of this has added more clarity and clearer perception to my experiences in the inner realms. And recently brought me in contact with a long lost part of me, giving me a kind of guidance that has changed my approach to my current profession in a very positive way. Burt's Quantum Jumping is a safe and bullet proof way of getting absolute and crystal clear information from the parts of your being that normally comes to your mind as very vague and hardly noticeable inner visions or inner audio. I like Burt's work a lot, it is clear, right on and useable. Everyone interested can get so much more of the quality of life they seek by doing these techniques."

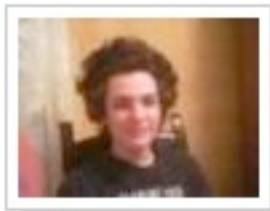

~ **Lars Christensen** from Denmark

"I Think Quantum Jumping Is Top of The Line!"

"Mr. Goldman's Quantum Jumping is a tool that has brought additional insight and joy into my life. The opportunity to learn from alternative selves is an amazing ability. Every time I visualize the doorway, the excitement of another adventure to come is almost overwhelming. Thank you sir! I most certainly would recommend the program to my friends! I think Quantum Jumping is top of the line!"

~ **Dixie Schmidt from Bradenton, Florida**

"Gained Confidence To Pick Up Girls"

"My goal for using Quantum Jumping was to live my life to my full potential & increase the many talents I have. So far I have gained huge confidence in one part of my life. That was the confidence to pick up girls & go for what I want. The Bagha is also really awesome. I use it every day.

Not only that, I love that I can instantly reach Alpha now. Before it was about a two minute struggle. I set up conscious source foundations all the time & they work! I would definitely recommend it to someone else who is open to it because Burt put so much more in those CD's than was expected. His information can be a part of your everyday life in every aspect of your life. I love it. THANK YOU BURT!! You're The BEST."

~ **Diego Carranza from Long Beach CA**

"Make Taking This Course Your Highest Priority of Your Day"

"[I used Quantum Jumping] to learn how to use the knowledge I gained from the Edgar Cayce group (ARE), the Secret and the Science of Getting Rich and put it into practice which, despite all my efforts, was progressing slowly. [Before Quantum Jumping] I was able to create loving and trusting relationships in my life, which I truly am grateful for, however, my progress to achieve and live a life of wealth and abundance was escaping me and maybe my internal dialogue was that life was always for someone else other than myself. Quantum Jumping has provided me the vehicle to really know that life is right at my fingertips. I see and feel the progress and improvements in programming my mind to control and direct my thoughts to what ever ends I desire. Would I tell my friends about Quantum Jumping? ABSOLUTELY - AND HAVE DONE SO MANY TIMES. As I told a dear friend of mine the other day... make taking this course your highest priority of your day, and we will no longer be having these conversations of your fears."

~ Dee E Hoffman from Lake Conroe, Texas

" You came into my life when I really needed you"

"You are just amazing. You came into my life when I really needed you. I have been following the Secret and needed that little something extra. You gave that to me. How many times can I say thank you?"

~ Patricia Suni Mahoney Dalbec

"I Love Burt's View of Life"

"My life has changed dramatically over the last few years, having had breast cancer, a divorce, a move, death of a parent, etc. I have worked hard to pull myself up and out even before purchasing Quantum Jumping. I found it simple, informative, and hopeful. My health is improved, as is my appearance. I have become a Health Counselor and I bought a townhouse. I believe I got [these things] through the Law of Attraction and setting my intentions because the odds were against me. Financially, things have been smooth. I would recommend [the Quantum Jumping program] because I love Burt's view of life."

~ Darlene from NJ

" 'YES!' Should Be The Answer To Anyone's Question of Whether This Program Is Worth Getting Into"

"For such a small price you offer what mystics and monks attempt to achieve in a whole life time in nearly fractions of the time they spend putting into what may never be achieved. We are here in this physical body with a brain that only interprets maybe 5% of what is really out there, so "YES" should be the answer to anyone's question of whether this program is worth looking into - just to see what happens."

~ Michael Albert

"Possibilities Beyond Your Wildest Expectations"

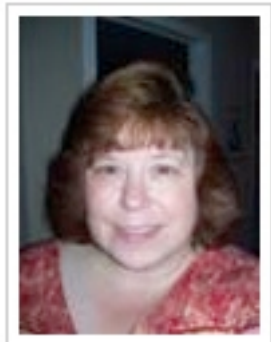

"After receiving the Mindbox and learning more about Burt Goldman's work, I got excited. His teaching are simple and easy to learn. When Quantum Jumping got out, I had to have it. It over exceeded my expectations. It is amazing! As any other material of his, it is simple and easy to understand. Having an open mind helps as well. The first experience I had with

Quantum Jumping was when I had a sharp headache and couldn't seem to get rid of. I didn't want to take a bunch of pills and decided to give Quantum Jumping a shot. Going through the door to my other healthy self and staying there for a short while, I started to feel better. After a few minutes I opened my eyes and my headache was gone. After that I have done it with other ailments as well (growth on my back, stomach ache, cold) and I also use it when I start to worry about getting sick, when a lot of people around me are coming down with something. Later I started to use it to improve my intuition in my work as an EFT practitioner (meridian tapping), so I could connect with my clients on a deeper level. It has helped me take my sessions to the next level in helping my clients. I highly recommend anyone to take Quantum Jumping to the test. Having your own personal experience with this technique is what's going to show you possibilities beyond your wildest expectations. Quantum Jumping is my favorite of Burt's products and I still have so much more to explore. It is an ongoing adventure. Thank You Burt Goldman. Much Love and Blessings to you and yours."

"Boy, Do I Love My Doppelganger"

"I love anything metaphysical. I came with no expectations. I purchased Quantum Jumping because it kept appearing everywhere I went on the web. I couldn't shake it. It kept popping up. When this happens, I know it is the Universe's way of telling me that this is something I need to investigate. So, I finally caved in when Burt made a super-generous offer, and away I went!

My very first jump was unexpected. I couldn't come up with something I wanted to do fast enough when Burt was proceeding with the hypnosis. So, I just jumped! I landed back at an old boyfriend's house. I was very young when we met and I left because I felt he had some mental problems that were severe. He swore he would never marry another if I wouldn't marry him. To, this day, he has not married and that left me feeling guilty. When I jumped back, I saw myself as very depressed, sad, and fearful. My old boyfriend had become possessive and refused me to even leave the house. It was a horrible situation. The me there whispered the word RUN! - and I did! I jumped right back to the doorway, where I was safe. I no longer feel guilty. It's like a weight, that I was not aware I was carrying, has been lifted off my shoulders! On another jump, I went to see the me who was 40lbs lighter. She explained the reasons why I was holding onto the weight and she also recommended an herb that I should take. I have had 2 serious stomach surgeries in my lifetime. Both left me unable to digest things as well as I should. I know a few things about herbs, but had never heard of this particular one. After the jump, I looked the herb up on the web. As it turns out, the herb is great for heart related problems but also beneficial in ridding the body of excess garbage that the stomach can not digest. I immediately went out and bought the herb. The me told me to take 2 with every meal. Well, a month later I starting my second bottle, I am almost twenty pounds lighter! Boy, do I love my Doppelganger! (continued).

QUANTUM JUMPING

THE INTER-DIMENSIONAL QUEST FOR A BETTER YOU

I recommend it to everyone who will listen. I have loved every jump! Some have great information, and some absolutely nothing but a good time. Still, it is a fascinating concept that cannot hurt you and can only help, with a little practice and patience. I love it. Looking forward to more. One jump, the me there said that I was coming into about \$600,000.00 by the end of August. I'm keeping my fingers crossed and will buy every product Burt has, when it comes true!"

"Thank You For Your Work. It Is Making A Major Difference In My Life"

"Your calmness, your peace, your beautiful hair, your words of wisdom and assurance made it easy to take your courses. I thought about it for weeks and just said this is what I need to have the "Good Life" you talk about. I have some issues in my life that need your touch. I have been absorbing your Quantum Jumping course and I struggled for a bit. I was up and then life tried to pull me down. I kept studying and things really tried to pull me down. I stayed my course and now I am seeing daylight. It is like lots of things are coming together and I am staying UP. Your course is like having a wonderful, trusting adviser [by my side, helping me] so I can conquer my life long issues and arise out of this smiling, and able to help others as you helped me. My issues are normal. I need to get back to 130 lbs, I need to improve my health and I need to be debt free and that will happen and abundance will be mine. I can feel it coming soon as I study on with a smile on my face. Thank you for your work. It is making a major difference in my life. Have the best day ever Burt. Thanks for sharing and changing my life."

“This Technique Works”

"I liked the idea of Quantum Jumping, and my goal was to get successful in all areas of my life. I started first with some toothaches, now I am working on weight loss, and to get better business results. I find it easy to jump into the some other universe and find my Doppelgangers. I would definitely recommend it, not just Quantum Jumping but also any [other one of] Burt's products. I have already connected some of my family and friends to the Burt's free lessons and they like them a lot. Quantum Jumping is easy to follow, and as Burt says, never mind if other universe exists, this technique works and that it all that's important at the end of the day. The limit of using Quantum Jumping is our imagination only. I believe it can be used for any problem, challenge, or desire we can think of. I find Burt techniques easy to follow, I love "tapping". I found it so helpful when I had to get in sync with different people in business and privately. The Daisy pond is so relaxing that it helps me go though the day. Bagha is my favorite tool. In any situation I just do Bagha to get control of my life. The more I practice, the more I get comfortable and see improvements in myself, my attitude, as well as in the situation around me. I want to thank Burt for putting this programs together. Even for people who cannot afford to buy some of the programs, the free program is so rich that it can help anyone to improve and deal with challenges."

“Since I Started Using The Quantum Jumping Program, I No Longer Feel Stuck”

"My intention for using Quantum Jumping was to kick start my plans and actions into 2009. 2008 was a challenging year for me personally and I got stuck in a rut towards the end, unable to make any decisions or take action. I had heard about the concept of parallel universes from Quantum Physicists but didn't find any practical value in the concept. The Quantum Jumping program brought the idea of parallel universes to life and the wonderful thing is that you don't have to believe it or have it conflict with your beliefs. I use this in a relaxed, playful manner. Now I can confer with any of my doubles in any area of life in which I need some advice. Intuitions and insights start coming to me and I can take action to move forward. I must say that since I started using the Quantum Jumping program, I no longer feel stuck. I am setting new goals and taking action on them. I am also in the process of starting a new business. I would certainly recommend Quantum Jumping to other people. It is a very practical and useful program for seeking ideas and solutions to life's challenges. I love The American Monk and I think his programs are great. I am definitely hooked and Burt's voice has a calming influence on me. I strongly support his goal of increasing the consciousness of one million people."

~ Manny Attah from London, UK

“It Is Really Extraordinary”

"I liked [Quantum Jumping] very much. I enjoyed listening to Burt Goldman's teachings. I would recommend it to anyone who would truly could appreciate it. It is extraordinary."

~ Norma Cabrera from San Juan Dalbec

"I Am A Little Blown Away By Its Effectiveness"

"On a whim, I downloaded the free sample from your website and was immediately taken by the discussion about higher-level questioning. I've studied NLP and so understand the resistance that can occur when a "why" question is asked. When Burt reframed the question to "how would your life be different if..." I knew I had to hear more. It was such a potent question. I've been a meditator for 30 years, have explored PSI phenomena and remote viewing and have studied quantum physics (as a hobby), so the concept of multiple parallel universes is not foreign to me. Nor is it one I think impossible to exist. My goal, for a long time, has been to be able to access guidance for myself. I have been attempting to reach my "higher self" to obtain guidance and have had little success previously. Using the Quantum Jumping technique has allowed me to obtain guidance so specific that I am a little blown away by its effectiveness. I will continue to review the modules as I seem to hear something new each time I listen and look forward to more encounters with my other selves. One of the most engaging reasons for my enthusiasm about the program is Burt's openness about what is actually happening in the Quantum Jumping process. His willingness to admit that he doesn't really KNOW why it works is refreshing. The fact that it does is really all that matters. That spoke to me big time and I enjoy his voice. Voice quality is very important, and his is a voice that conveys trust, humor and a willingness to take himself with a large grain of salt."

THE INTER-DIMENSIONAL QUEST FOR A BETTER YOU

“Love, Love, Love”

"Hello Burt, Greetings from the Pacific Northwest. I love the Quantum Jumping experiences I get. The very first one... I am a silk painter, albeit not as a profession, but as enjoyment. With no art instructions of any kind. An on the job training so to speak. I asked to meet the Bette that was a painter, thinking I could perhaps learn more techniques for my "hobby." What I saw was a gal doing oils, something I've never done. She showed me an entire picture, color and all the details for a beautiful painting. Also, my 11 year old grandson was coming to visit me for the first time without his parents. I asked to meet the "Grandmother Bette" and what I could do to be a better grandparent. The answer was love, love, love. Sending Peace and Love to you and yours. Aloha, Bette.

QUANTUM JUMPING

THE INTER-DIMENSIONAL QUEST FOR A BETTER YOU

“Burt Goldman's Programs Work”

"My goal for using Quantum Jumping was to become more aware of some means of attaining whatever goal I wanted to attain. Thus far, what the program has done for me is make me aware of the great power we have by the use of our imagination. Another "awareness happening" was learning the path to our infinite source, the field of all possibilities, comes by way of reaching the alpha level of mind, and allowing that which we seek to come into our lives from those "deeper" levels of mind. Aside from the awareness unfolding, which I am pleased with, I have a need to increase the financial side of my life. That aspect has yet to show tangible improvement, but I do believe I'm on the right path for those improvements to occur. If they do occur, I believe some credit would rightfully go to Burt Goldman's Quantum Jumping program. I have listened to/studied the program only two and one-half times thus far, so I feel I am still in the learning phase of Quantum Jumping. I believe Burt Goldman's programs work."

~ **Tyrone Johnson from Spring Lake, Michigan**

“I Found It Truly Incredible”

"I received your course and found it truly incredible. I also have studied Silva Mind Control in the 70's and achieved amazing results. At that time we were able to do psychic viewing into the body and healing. I have studied many of the strange and unbelievable areas of Phenomena. I can only say this is a leap into the unknown that can be explored and brought forth into reality. Many Blessings on you and your work."

“There Is Only Better!”

"Burt, I am a spiritual worker. Silent, but strong. I have only gone through your course once, and will go through it many times over and over again in order to captivate the essence of what is being delivered. My feelings are that here we finally have a very powerful skill/technique available that literally 'wipes out' any negativity that we harbor and fill our minutes with while on planet earth. You have been frank, honest and filled with zeal and enthusiasm and yes, there is only better! You 'activate consciousness', to enable us, to really observe our behavior and move to our higher selves. Yet the mind can seem a powerful ruler and it is about time some wonderful world-server like yourself will release the knowledge of just how to get rid of these negativity.

“Your Ways Are So Creative And So Simple For Ordinary Folk Like Me”

"I must say Quantum Jumping is great. Your presentation and the stories you use to illustrate the different points are so powerful that it is easy to understand what you are teaching. I am fascinated by your creative use of Feng Shui and just everything you teach. The Bagha was and is very helpful. Burt I was sold on what you do since I first read your book with Jose Silva a long time ago now. That book is underlined and marked and read again and again. Your ways are so creative and so simple for ordinary folk like me that I love them. You have a gift for using what you have learned and experienced over a lifetime and making it available in a clear digestible way to the people of today."

"I Know I Can Have It All Through Quantum Jumping"

" A Lot of People Have Lost Their Self-Worth, I Did Too - For A Long Time - Quantum Jumping Has Really Helped Me Find My Worth."

"My goal for using the Quantum Jumping was to help me gain more confidence. My life is at a plateau at the moment and I am looking for direction on what to do with my life next. It has helped me to realize that I have achieved a lot in my life so far and have come a long way and in that realization I have gained confidence. I grew up in the "ghetto" of Dublin city and had very little chance in achieving anything from life. Most of the people I grew up with are either dead through drugs or still stuck in the hopeless useless vibe that living in an area like that does to you. A lot of people have lost their self worth, I did too for a long time and Quantum Jumping has really helped me to find my worth. Thank you. I completely understood the principals in which you have created with the Quantum Jumping. It just clicked with me and I found that a very empowering experience.
